

## Town And Country Foods Inc. Opens Office In Tucson, Arizona

*Town & Country Foods Inc. recently opened its second office in Arizona. The Tucson office joins Phoenix in serving the copper state. Town and Country Foods Inc. is America's largest home food service.*

**June 6, 2008** - [PRLog](#) -- Our “system of the future” delivers a customized menu designed to meet the specific needs of each household. All natural meats, certified organic vegetables and seafood are delivered in individually vacuum sealed, portion controlled servings that thaw very quickly for gourmet meals on the run. Complimenting these main dinner items are pastas, pizza and a wide variety of quick meals and deserts.

The Town & Country Foods System is delivered to the home in a budget friendly quantity that reduces impulse purchasing, unplanned eating out, labor costs of the retail system and inflation. Town and Country's inflation rate on food the past 15 years has averaged 2%, in comparison to reports of food going up as much as 20% per year in some markets at the grocery store.

Our environmentally friendly system saved an estimated 2,400,000 miles driven for our customers, 1,000,000 kilograms of carbon dioxide in reduced gas emissions and 1,500,000 styrofoam packages last year alone if our customers only saved two trips per month to the grocery store.

Town & Country Foods System is the modern convenient way to feed your family. Our unique home food system will not only save Tucson families time and gas, but will also reduce harmful emissions and increase savings on costs associated with the retail grocery store. “Town & Country Foods is excited about this opportunity and we look forward to serving the greater Tucson community for years to come”, said Town and Country Vice President, Kirby Patterson.

For additional information or to schedule a food consultant to stop by and show what a customized menu for your family would cost, contact Town and Country Foods at 520-888-1250.
