

www.galaxy-marketing.com is now a stocking agent for the new SG6000 Ku band satellite antenna motor

www.galaxy-marketing.com, a satellite retailer and dealer now stocks and sells the new SG6000 satellite motor.

July 19, 2008 - [PRLog](#) -- WS International, one of the most trusted and reputable satellite distributor in North America has introduced the new SG-6000 HH DiSEqC KU band satellite dish antenna motor.

www.galaxy-marketing.com is now a stocking agent for the new SG6000 antenna motor. You can see the motor listed here:

http://www.galaxy-marketing.com/sg6000-satellite-dish-motor-diseqc1_2-usals-antenna-positioner.htm

-The design & larger size of the back bracket of the new dish motor gives it more stability & its durability allows it to hold up to a 120cm satellite dish antenna.

-The new motor is also designed to work with DiSEqC version 1.2 commands and is USALS compatible.

-The motor has a 42mm tube that fits all popular satellite dish antennas including the Winegard DS-2076 and many other antennas with U-bolts.

For sales or more information about his new satellite motor, please contact Galaxy-Marketing.com by phone at 888-333-5560 or email at sales@galaxy-marketing.com.
