Jan. 9, 2009 - [PRLog](#) -- ThestockXpert.com is the leading penny stock financial website on the net. Although the newsletter focuses primarily on penny stocks it is not limited to just that. I scan the daily stock market for stocks that are making news and moving fast. I trade stocks on the Otc BB, Pink sheet, Nasdaq, and NYSE markets.

My best advise is to always do your own research, and to only risk what you can lose. The markets can be a dangerous place so education is your best tool. Penny stocks can make huge swings so the gains can be tremendous. Join me for the financial ride of your life.
