

KaiTai, LLP. Announces the launch of it's penny auction site www.BattleBidz.com in North America

KaiTai, LLP announces the launch of www.BattleBidz.com in North America. WWW.BattleBidz.com utilizes a new innovation that gives its customers the opportunity to purchase new, name-brand electronics, automobiles and more for pennies on the dollar.

Feb. 15, 2009 - [PRLLog](#) -- WWW.BattleBidz.com introduces a new type of bidding war auction to North America with all bids starting at \$0.00 and only increasing in increments of \$0.01 per bid with no reserve. WWW.BattleBidz.com differs from the extremely popular British and German penny auctions in that www.BattleBidz.com is operated with truly a NO RISK auction format due to the fact that all users that do not win the particular auction they are bidding, will have the opportunity to purchase the exact item from the BattleBidz web store at MSRP less the amount that they have already committed to the auction.

How does www.BattleBidz.com work? There will be various items on the site available for auction. Examples of available name-brand items are:

- LCD TV's and Accessories
- Laptops and Cell phones
- Camera's and Camcorder's
- Game Consoles and Games
- Luxury vacation packages
- Luxury Automobiles and Boats

Each auction will have a timer that indicates when the bidding will be closed. Upon closing of the auction, the system will indicate the final bidder and that user wins the item for the price last bid. All products will start at \$0.00 and will increase \$0.01 with each bid, additional time will also be added to the auction with each bid placed.

Every bid costs \$0.75 and may be purchased at the www.BattleBidz.com site with Visa, MasterCard, American Express, Diners Club, or PayPal.
