

Heating and Air Conditioning Specialist, Right Now Air Features on Compass Magazine

The renowned heating and air conditioning specialist, Right Now Air was recently featured in Compass Magazine.

March 17, 2009 - [PRLog](#) -- Las Vegas, NV: The renowned heating and air conditioning specialist, Right Now Air was recently featured in Compass Magazine. This is an amazing achievement for the company, which has already gained high recognition in their market. Providing a 100% guarantee in its work, the company aims at getting a favorable response from service seekers after being featured in such a well known magazine.

Compass Magazine has a circulation of more than 100,000. Three editions are published: Compass South, Compass Surrey and Compass Wessex.

Larry Smith, the Co-owner of Right Now Air said, "Taking risks and reaping its rewards is how Compass Magazine describes us. It's the strong partnership and the support of a dedicated team that has provided us an honor in the industry. I am glad that Right Now Air's story is in the magazine. You won't believe that we are getting more clients, who read about us and are impressed with the way we work. My team is committed to do quality work, no matter how many clients we have to handle each day."

Right Now Air specializes in managing any major or minor heating and air conditioning repair work at commercial and residential establishments. The seal of safety demonstrates the level of professionalism of NATE certified technicians working with the company. They understand the importance of time, therefore, immediately respond to calls.

The company also provides air quality products like high efficiency filters and hard start kits. It is ensured that the retail products offered or used in the repair work is of high quality. Further, the use of cutting edge techniques, technology and involvement of ethical work practices assists the company in providing 100% satisfactory services to customers. Every technician working here strives to service with courtesy and respect.
