

Get the Sense of Security and Reliability You Need from this Wireless Alarm Kit from Honeywell

The LYNXRKIT-EN - Ademco - Honeywell Lynx Wireless Security Kit is an all-in-one, integrated design that's super-duper easy to install and use.

April 23, 2009 - [PRLog](#) -- There are many manufacturers that claim their wireless alarm system is easy to install and use, but never have you encountered a more user-friendly alarm system than the LYNXRKIT-EN - Ademco - Honeywell Lynx Wireless Security Kit. With a voice prompted programming feature that tells you exactly what to do set-up will be a breeze.

With the proven reliability of Honeywell's powerful technology, the LYNXRKIT-EN is an all-in-one sleek unit that integrates the control panel, keypad, siren, dialer, two-way voice system, and speakerphone. Other than the all-in-one control panel, the kit includes two transmitters, one motion detector, a rechargeable back-up battery, and a video user's guide.

The control panel is packed with power. It can hold up to 8 user codes and can handle up to 24 wireless zones of protection. It also has a 16 button key pad with an easy to read LCD display.

Want to know more about where your kids are going and who they will be with? The control panel also serves as a family message center with voice recording and playback. You can mount the control panel on the wall or place it on a desktop. The panel also has an internal sounder and 85 db siren.

Let's take a look at the transmitters and motion detector. The transmitters have built in magnetic reed switches and have a demonstrated outdoor range of over one mile. Meanwhile, the motion detector uses split zone optics technology and ignores pets or other animals up to 40 pounds, while still continuing to detect even crawling intruders.

The LYNXRKIT-EN is designed for a modern-day family and a modern home. That's because the system is X-10 compatible which means you can add modules to remotely control your lights, appliances, garage door, and much more. The system supports up to 8 X-10 devices.

Here are some other features:

- 84 event log
- Scheduling
- "Follow Me" alarm and reminder announcements
- Enhanced message center
- Voice prompted clock setting
- Remote phone control
- Paging capability for openings, closings, alarm and trouble messages - parents can use this feature to verify that their children have arrived home

The LYNXRKIT-EN - Ademco - Honeywell Lynx Wireless Security Kit is affordable, reliable, and is a Do-It-Yourselfer's dream come true. You will be proud of the decision you have made to protect your family and the selection you have made to help you do it.
