

Green Drinks Comes to Concord New Hampshire

NH Green Builder, Zetland Homes LLC, and The Red Blazer Restaurant Bring Green Drinks Monthly Networking Event to Concord NH

May 3, 2009 - [PRLog](#) -- Steve Reddy, Operations Manager of Zetland Homes LLC, with the assistance of Barbara Morris, Sales and Marketing Associate, have partnered with The Red Blazer to bring the international phenomenon known as "Green Drinks" to the Greater Concord area. The first gathering will take place at The Red Blazer on Thursday, May 14th from 5:30 – 7:30 p.m. The restaurant is located at 72 Manchester Street in Concord, NH.

This is a great opportunity to meet people interested in networking and learning more about "green" and sustainable topics, including green business, architecture, design, homes, local food, and clean energy. The venue provides an informal time to network with other community members interested in all things "green", develop new ideas, and meet new folks. Please note that attendees are responsible for their own bar tabs.

The kick off gathering will start with opening remarks by Steven Reddy. Zetland Homes LLC built the 21st Century Victorian Demonstration Green Home (www.zetlandparade.com), the second home in NH built under the LEED for Homes Pilot Program and 2008 Cornerstone Gold Award winner for "most energy efficient design. Zetland Homes just finished the second home being certified under the Build Green NH program.

Sarandis Karathanasis, Owner of The Red Blazer., will discuss how The Red Blazer has made major strides in their restaurant to go green. Their efforts were rewarded recently by the New Hampshire Travel Council, which awarded The Red Blazer Restaurant the coveted 2008 Sustainable Business Award for its dedication to the environment and its contribution to tourism. Sarandis will then introduce his business partner, Tony Guinta, President and CEO, Amenico. See what The Red Blazer has done to go green at: <http://www.theredblazer.com/whatsnew.html>. Visit www.amenico.com to learn more about Vegetable Oil Heat Recovery and other renewable energy technologies.

The new Concord Green Drinks encourages the community to submit their input, suggestions, and recommendations for future gatherings. Concord Green Drinks will be held the 2nd Thursday of each month at The Red Blazer from 5:30 – 7:30 p.m.

If you are interested in sponsoring a meeting or have an idea for a topic, contact Barbara Morris at: barb.morris@zetlandhomes.com.

###
