

Affordable CAD Steel Detailing, Structural Steel Drafting Services

Offering discount upto 40-60% on steel detailing and structural steel drafting services! By lowering your steel detailing costs, you can lower your bids and win more business.

May 29, 2009 - [PRLog](#) -- Steel has found extensive use in design and development of residential and commercial structures which has led to rapid growth in demand of steel detailing services across the globe. Steel Detailing is an exercise to produce precise shop drawings for the purpose of steel fabrication and erection. The success of steel structure by and large depends on the CAD drawings and layout plans submitted by the steel detailer.

OSD is an established and trusted steel detailing firm offering accurate & cost-effective **CAD steel detailing** and **Structural steel drafting** services to offshore clients in US, UK, Australia, Canada, etc. Having worked directly with Steel Fabricators and Erectors, our steel detailers use their wide-ranging experience to small as well as large projects conforming to AISC & CISC standards. We offer customized 2D/3D Steel Detailing solutions to help you turn today's challenges into competitive advantage.

We provide services for various steel structures:

- > Residential/Commercial buildings
- > Steel buildings
- > Storages/Warehouses
- > Steel Shelters/Sheds/Roofs
- > Floor systems/Mezzanines
- > Miscellaneous steel structures

We offer full structural services including:

- > Steel Fabrication drawings
- > Shop and Erection detail drawings
- > Fitting and Framing drawings
- > Advanced Bill of Materials
- > Anchor Bolt setting plans
- > DXF, CNC, & DSTV files
- > Steel Connection details

We use custom tools like AutoCAD, Revit, Tekla, X-steel etc (deliverable files in .plt, .pdf, .dwt, .tiff, .dwg, .dxf, etc) to provide you the benefits of low operating cost, superior services and efficient delivery schedule.

Offering discount upto 40-60% on steel detailing and structural steel drafting services! By lowering your detailing costs, you can lower your bids and win more business.
