

## Enjoy your favourite TV program everywhere with Cell Phone F006

*Only you have watched cell phone advertisement on TV, you will be familiar with following advertising commentary --- "cell phone equipped with super large true color screen, it's so cool to watch film with such a large screen..."*

**Sept. 25, 2009** - [PRLog](#) -- Only you have watched cell phone advertisement on TV, you will be familiar with following advertising commentary --- "cell phone equipped with super large true color screen, it's so cool to watch film with such a large screen..." Thus, we can see that watching TV program on cell phone has been a main stream in the world. People can watch TV from Internet service or from the local TV station. TV cell phone has become a new demand of people just like water.

Besides special TV function, TV cell phone also includes all basic functions as the other normal phones. Let's talk about what cell phone will bring to people after upgrading TV Function. Firstly, you will become knowledgeable even if you are outside or on journey. You can get news on the world through the cell phone with TV function. It will be helpful for you to know what the world change. Second, its Mini size is fixed to carry. It is much convenient. You can take it anywhere. Once you want to watch TV program, you just get it out of your pocket and then click the TV function button; TV signal will be showed on the large and clear screen. Third, this cell phone includes the basic function. You also can listen music and watch video with it. Beside these, also it equipped with camera. You can take photo anywhere. As a whole, TV cell phone will make your life more colorful! You will be distinctive and feel more superiority with TV cell phone.

Recently there are several choices for people. I also searched for many TV cell phones. Now I show you one TV Cell Phone F006 that I think it is fine for people with its moderate price, large touch screen, and fashionable design and so on. Let's see the picture.

Have you think it is a good recommendation? This Quad Band Touch TV Cell Phone F006 is most attractive with its high definition screen and amazing multi-media functions. It is really a perfect vision enjoyment. You can make a cell wherever you are with its quad band function. With its TV Mobile technology, you can watch TV program any where. It has strong signal reception. You won't miss your favorite TV program even though you are out home for journey or business. Imagine you are having a trip, enjoy your favorite TV program with your lovers while facing the seaside and enjoy the breeze. How romantic it is! Also with this phone, you can access internet in high speed within Wi-Fi coverage area. It is with new Google android operation interface, built in opera and UCWEB web browser, easy access internet. You can use its email function built in to receive and send the local email. There are so huge functions in such small phone.
