

NJ Dentist Selected to Custom Fit Pure Power Mouth Guards for New Orleans Saints

Renowned Dentist, Dr. Michael Bixby of NJ, was selected to help custom fit the New Orleans Saints with Pure Power Mouth Guards. The mouth guards use computer technology to pinpoint and capture the ideal bite position.

Nov. 5, 2009 - [PRLog](#) -- Dr. Michael Bixby of the Little Silver based Atlantic Center for Advanced Dentistry was one of only 5 dentists in the nation, selected to go to the New Orleans Saints training facility in Louisiana this September to fit the team with the Pure Power Mouth Guard (PPM). The PPM is a comfortable, custom-fitted oral appliance that uses computer technology to pinpoint and capture the ideal bite position. Studies have shown that when the mouth, bite and jaw are in perfect alignment, athletic performance improves dramatically, whatever the sport. Balance, flexibility and efficiency of movement are all improved. The PPM Mouth Guard is already being used by members of the NY Giants, and many professional athletes from the worlds of baseball, golf, boxing, and even drivers.

Dr. Bixby said being with the team for two days was a surreal experience. "We fitted some of the finest athletes, one right after the other, so much talent in one room. These are true professionals who take their performance seriously. They were all so easy to work with." Bixby himself fitted Guard Tim Duckworth, Safety Chip Vaughn, D.E. Will Smith, Connecticut's star T.E. Tyler Lorenzen and W.R. Tim Meachem, to name a few.

The Pure Power Mouth Guard technology is not reserved for professionals. "We fit all kinds of athletes with the VERY SAME technology and guards the pros use. Some just want increased performance on the golf course or tennis courts; others are college athletes looking for every chance to improve. We've even found that singers and speakers benefit from wearing a PPM."

Getting a Pure Power Mouth Guard is a simple two visit procedure. The first is a highly specialized but pain free fitting appointment that lasts about two hours. During the second appointment, the patient goes home with the mouth guard.

For more information on the PPM mouth guard, to see photos or blog with Dr. Bixby about his experiences with the pros, visit <http://www.purepowermouthguard-ppm.com>
