

Muskaan Power Infrastructure Ltd. announces the launch of their New Business Website.

We Muskaan Power Infrastructure Ltd., are a team of engineers with expertise in electrical field from last more than 12 years & are engaged in manufacturing distribution transformers, servo voltage stabilizers.

Jan. 15, 2010 - [PRLog](#) -- Muskaan Power Infrastructure Ltd., Ludhiana is glad to announce the launch of our official business website <http://www.electricitysaver.com/> which will surely enhance the search experience and will be of tremendous value to our customers. Muskaan Power Infrastructure Ltd. is one of the one of the renowned name in the global arena for manufacturing and supplying qualitative electricity saver devices including distribution transformer, stabilizer, distribution panels, servo voltage stabilizer etc., has stepped forward to unveil its ultimate goal to make business as simple as a click through its comprehensive website. The new site is thoroughly updated and re-designed, that offers product information, contact information, user-friendly product navigation with comprehensive information regarding the company's profile.

Founded under the able guidance of Mr. Ravi Mahajan, our company is able to carve a niche at international platform within short span of time. Our company proudly boast an excellent reputation as international market leader. The company operates a program used to design and develop wide range of electrical items including transformers, stabilizer, distribution panels, which includes:

Product Range -

- Servo Voltage Stabilizers:Single/Three Phase Avc From 10-5000 KVA Capacities For LT Supply
- Rectifiers: For Electroplating/ Anodising/ Hydrogenation Purposes
- Special Purpose Transformers: Any Kind Of Step Up/Dn Transformers For LT Supply
- Dry Type Transformers
- APFC / LT Panels
- Isolation Transformers: Any Kind of Isolation Transformers
- Battery Chargers
- Two In One Systems For HT lines From 500 KVA To 5 MVA
- HT Servo Voltage Stabilizers From 500 KVA Onwards
- Distribution Transformers
- Furnace Transformers For Melting Applications

The website is designed and developed with IndiaMART.com, india's largest B2B marketplace which helped us in fulfilling our requirements, to meet customer's needs worldwide for immediate information.
