Postal automation, Software's, Domains, Hosting, Windows, Linux, Security Applications,J2ME, SAP,JAVA, J2EE, ASP, NET, PHP, MYSql, MSSQL, Oracle,

Maintenance, Data entry, backend operations, Zip Locator, Dealer locator, India, America, Haryana, Australia, Search Engine Optimization, Site Submission.
A cross-platform (UNIX, MS, and Linux) java single sign-on (SSO) solution. It gathers the user network credentials from the user desktop and then communicates securely with the corporate directory server (iPlanet, Novell, Microsoft AD, etc.) to verify those credentials. This solution integrates with the application container's security framework such as that of Weblogic security framework. Kila can enable the easy security integration for many packaged products as well such as Bea Portal, autonomy search engine, Documentum, etc. Currently, Kila security solution provides full support for Bea Weblogic application server 7.x and 8.x.
Enterprise Architecture Consulting
• consultants develop an architecture and define an infrastructure that will support our clients' portfolio   of projects.
• We can assist our clients? define and build a team and guide them through the initial stages of   defining an architecture.
• We can define effective processes such that the clients' architecture team supports their project   teams effectively.
