Patricia NYC Laser Hair Growth Salon 22 laser diodes hand laser combs is light weight, easy to use, and has a low - low cost. The 22 diodes hand laser comb is designed to be simply the best performing, best looking, and best quality-made hand held laser available. Patricia's NYC 22 laser diodes hand laser combs contain lots of soft low-beam lasers that are emitted to the scalp. This hand laser combs stimulates the hair follicles and the scalp to absorb additional nutrients and oxygen.

The combination of 22 laser diodes hand laser combs and DHT Blocker may help prevent additional hair loss and help new hair grow where hair loss has been experienced. Many laser combs on the market today only treat the scalp to the advantages of low level laser light. With NYC Laser Hair Growth Salon, 22 laser diodes hand laser combs helps you in stopping the damage of DHT to the hair follicle AND, giving it the scalp and hair follicle a boost with the laser therapy. So you can begin regrowing hair fast. This 22 laser diodes hand laser combs treatment stops testosterone from being converted to DHT by blocking the action of 5 Alpha Reductase. This active ingredient also blocks the binding of DHT to the hair follicle cells lowering the damaging effects of DHT on the hair follicle.
