Amigo Juice (<http://roark.amigohealth.com>) is a blend of 3 superfoods; Acai, Gogi and Mangosteen. Amigo Charge is the Amigo Juice with:

PEA Phenylethylamine - produced naturally in the body and releases dopamine in the pleasure centers of the brain.

L-Phenylalanine - an essential amino acid, and Tyrosine precursor that works with vitamin B-6 on the central nervous system as an anti-depressant and mood elevator.

Panax Ginseng - Ginseng is a medicinal herb used primarily for increased stamina and for boosting the immune system and immune system responses. It is used to help relieve fatigue, declining capacity to work and concentration. It has been considered especially helpful as a supplement to cancer therapies. It is said to be effective as an antagonist of morphine analgesia and the analgesic effects of opioids.

Siberian Ginseng - is not considered a true ginseng; instead of a fleshy root, it has a woody root; instead of ginsenosides contains eutherosides (The eleutherosides additionally help reduce the exhaustion phase of the stress response and return the adrenals to normal function faster).

Theobromine - affects humans similarly to caffeine, but on a much smaller scale. Theobromine is mildly diuretic (increases urine production), is a mild stimulant, and relaxes the smooth muscles of the bronchi in the lungs. In the human body, theobromine levels are halved between 6-10 hours after consumption.

Guarana - contains a high amount of guaranine, a chemical substance with the same characteristics as caffeine. This makes Guarana a stimulant similar to coffee.

Roark Business Concepts is positioned to make the Natural Health Labs product available and help educate the public on the product as well as the great business opportunity through the Amigo Juice Team founded by Jim Gras.

The Amigo Juice Team will commence live online Business Opportunity Presentations starting this week, where guests will be provided detailed information on the products, and the opportunity. The Amigo Juice team, assembled by professional internet marketer, Jim Gras, has developed a unique System that embodies the spirit of teamwork. One of the team's favorite phrases, teamwork makes the dream work" is a concept that many organizations claim to work by, but fail to accomplish. This Amigo Juice team's motto is: "No Net-worker will be Left Behind" and they promise to provide all the training and support new members require, regardless of their current skill set. Team members are provided individual mentoring by experienced internet marketers as well as receiving mindset training through Val Smyth's Mentors In Motion, live training seminar workshops. This is a team who is truly working together, and by the way the group is growing, it certainly appears that team work does indeed make the dream work.
