Brides get help in choosing the right bouquet with the 7 Most Popular Bridal Bouquet Shapes

Sept. 10, 2007 - [PRLog](#) -- Sarasota, FL USA---September 10, 2007--- For many women, flowers are the universal symbol of love. Symbolic of romance, beauty and sweetness, it's no surprise that flowers are present at every wedding and a bridal bouquet is the "must have" accoutrement for all brides. With prices for bridal bouquets ranging from \$100 to over \$1,000, and an ever-growing list of options, selecting the right bridal bouquet can be a confusing task. As an aid to brides navigating the tricky world of wedding flowers, Elizabeth Reuth has published the 7 Most Popular Bridal Bouquet Shapes at http://www.reception-wedding.com/bridal_bouquet_shapes.htm

The bride's bouquet is undoubtedly her best accessory. And like any other accessory, the bridal bouquet shape and color should blend with the overall theme of the wedding and especially the bride's gown.

Knowing the different bouquet shapes before taking that initial visit to the florist will help brides get the most out of their big day blooms.

The 7 Most Popular Bridal Bouquet Shapes cover classic shapes like round and cascade as well as more contemporary bridal bouquet shapes like the loose or organic bouquet. Subjects like the formality of each bouquet shape and the best shapes for certain bridal gown silhouettes are also covered.

"Bridal bouquets come in many different shapes and sizes. The bouquet shape that a bride chooses can greatly affect her wedding day look." Reuth said.

Elizabeth Reuth developed a deep interest in the wedding industry and wedding planning while organizing her own wedding and now provides comprehensive online wedding planning resources for brides and grooms. Couples have access to wedding tips and advice from purchasing an engagement ring to organizing a bridal shower.
