Jan. 5, 2008 - [PRLog](#) -- The all-new 2008 Chevrolet Malibu is available at Courtesy Chevrolet, a leading dealership for new and pre-owned Chevrolet vehicles in San Jose and Morgan Hill, California. For details or call San Jose (800)-476-8150 or Morgan Hill (800)-476-6242 or visit <http://www.courtesychevrolet.com/>

The 2008 Chevrolet Malibu family sedan has been redesigned, and features fresh styling, more power, and more safety features. It is available in three different trim levels the LS, LT and LTZ.

The Malibu LS and LT models have a standard 169-horsepower, 2.4-liter, four-cylinder engine that teams with a four-speed automatic transmission. Optional on the LT and standard on the LTZ is a 252-horsepower, 3.6-liter V-6 that teams with a six-speed automatic. A hybrid system as a powertrain choice features an Ecotec 2.4-liter, four-cylinder hybrid engine with variable valve timing (VVT) and a four-speed automatic hybrid transmission.

The 2008 Malibu is more muscular, dominated by neat lines and rounded curves. A new sheet-metal body features a new chrome surround grille, arched roofline and Chevy's bow-tie logo. The sedan's cabin has a distinguishing scalloped dashboard and a two-tone interior to highlight the center stack, dashboard, door trim and seats. Notable features include custom-fabric front bucket seats; driver information center; AM/FM stereo with MP3-capable CD player and six speakers; XM radio; and remote keyless entry.

All-disc anti-lock brakes; side-impact air bags for the front seats; and side curtain air bags are standard. LT and LTZ trims also come standard with GM's StabiliTrak electronic stability system and brake assist. OnStar provides an unparalleled level of safety, security and information.
