

Major Beauty Industry Supplier Début's New Salon Equipment at Chicago America's Beauty Show

Keller International will have two booths in the McCormick South Hall (booth #1874) exhibiting a wide variety of beauty equipment.

Feb. 19, 2008 - [PRLog](#) -- Chicago, Illinois – March 1, 2008 – Keller International, LLC., a major supplier of products to the barber and beauty industry, attends the American's Beauty Show where it will showcase the latest barber and salon equipment.

Visit booth #1874 at the McCormick South Hall for an opportunity to see Keller International's all-new K2019E electric barber chair, KT-3708 Ten-function Deluxe Facial machine and a new affordable line of all ball bearing barber and stylist shears.

“We were able to combine our international knowledge of manufacturing and shipping logistics to source products from all over the world. This gave us an unparalleled edge for delivering quality, “value added” barber and beauty products. This combined with an aggressive customer support network has allowed Keller International to expand its business yearly,” explains Paul Keller, the President of Keller International. Paul Keller, a 35-year veteran of manufacturing and quality in excellence programs with a degree in mechanical technology, is leading the effort for continuous improvement in design, quality and reliability of salon products.

About Keller International, LLC

Keller International LLC, founded in the late 1990s, provides the highest quality beauty and barber equipment at affordable prices. Located in a 50,000 square foot warehouse in Hamlin, New York the company constantly stocks and updates a 2 million dollar line of products ready to ship. Keller International carries a variety of salon equipment and furniture, including barber chairs, salon chairs, manicure equipment and tables, pedicure spas and more.
