

Living Color Enterprises Inc. completes massive shark tank installation in Miami, Florida.

Living Color Enterprises of Fort Lauderdale, Florida, completed the installation of one of the longest seamless custom acrylic aquariums on the east coast.

March 28, 2008 - [PRLog](#) -- Living Color Enterprises of Fort Lauderdale, Florida, completed the installation of one of the longest seamless custom acrylic aquariums on the east coast. At 53' long, 8' wide and 5' tall, this 17,000 gallon oval aquarium will have uninterrupted viewing around its entire circumference. Taking almost a year to build, it was designed to house one of the most impressive collections of sharks, stingrays, and fish that the Miami area has seen. With its two massive, dedicated filtration rooms located over 100 feet away and purifying the aquarium's entire water volume 6 times per hour, this beautiful exhibit will be the focal point of the lobby in the hotel/condominium building in which it resides. Please keep an eye on our website <http://www.livingcolor.com> for updates.

###

About Living Color Enterprises, Living Color Enterprises, Inc. located in South Florida has long been at the forefront of custom aquarium and synthetic coral design. Living Color revolutionized custom aquarium design with its uniquely fabricated coral reef structures, balancing state-of-the-art technological advancements with traditional hand sculpting techniques. A unique partnership of designers, artisans, engineers and marine life experts-all working together in the company's 43,000 square-foot headquarters facility in Fort Lauderdale, Florida - has helped Living Color become the fabricator of choice for museums, zoos, theme parks, casinos, hotels, restaurants, retailers, commercial properties and distinguished home owners around the world.
