*Denver Audi dealer Prestige Imports announces continuing focus on high quality selection and availability of Audi S4s in combination with professional customer service*

**May 17, 2008** - [PRLog](#) -- Denver, Colorado - Prestige Imports today announced its continued focus on offering a wide selection of new and pre-owned Audi S4s. Prestige Imports located in Lakewood, Colorado is an established Denver area Audi dealer serving the Denver metro and Colorado Front Range areas dating back to the 1970s. Prestige Import's inventory of Audi S4s includes access to an extensive selection of new and pre-owned Audi S4s. Prospective Audi S4 buyers are invited to visit Prestige Imports to test drive an Audi S4 of their choice.

The Audi S4 is a high performance sport version of the popular Audi A4 cars. The S4 name was originally used for the sport version of the Audi 100. The current third-generation Audi S4 is available as a sedan, wagon (Avant) and two-door convertible (Cabriolet). The A4 is compact in size, though the current S4 packs a 340-horsepower V8 under its hood. It's matched to either a six-speed manual transmission or a six-speed automatic. Quattro all-wheel drive is standard. There are other performance-oriented modifications as well, including a sport-tuned suspension, 18-inch wheels with high-performance tires and more powerful brakes. On the outside, subtle styling accents and badges distinguish the S4 from the regular A4.

Inside, front occupants are treated to a comfortable and functional cockpit. Leather seating is standard, and interior trim, lighting and controls are all of high quality. The Avant sport wagon provides up to 61 cubic feet of cargo space with the rear seats folded. The current S4 impresses with both performance and style. Power is abundant, handling is stellar and the cabin is superlative. The fact that it's available in Avant and Cabriolet versions is another plus.

The Denver Audi dealer is open Monday through Saturday. Additional information about Prestige Imports and the availability of the Audi S4 automobile is available at the company's website at [www.prestigeimports.net](http://www.prestigeimports.net) or the company blog at [www.prestigeimportsblog.net](http://www.prestigeimportsblog.net).
