

Anti-Aging Starts Weight Control and Good Health

BodyCulptMD offers the Sr. Simeons HCG Protocol to kick off your wellness and anti-aging services. Lose 1 Lb/day, then take advantage of the non surgical, non invasive anti-aging services to look and feel your best.

Dec. 13, 2008 - [PRLog](#) -- BodySculptMD is physician owned clinic that offers the amazing HCG protocol for all those who have tried everything to lose weight. It clearly blows other weight loss programs out of the ball park. Since anti aging starts with weight loss, you can continue with Mesotherapy, Laser and IPL skin rejuvenation, botox for those annoying wrinkles, fillers (juvaderm, restylane, radiesses), bioidentical hormones, chemical peels and all natural skin care products and make-up. All services are provided at BodysculptMD.

BodysculptMD allows you to establish a one on one, long term relationship with the physician and her staff. If weight loss is not a problem, then BodysculptMD offers all the anti-aging services to help you look and to feel your best. BodysculptMD understands the connection that exists between one's self esteem and confidence with one's appearance. BodySculptMD strives to treat the whole person, inside and out by offering bio-identical hormones, natural skin care products and natural make-up. Bodysculptmd treats men and women of all ages and ethnic skin care is their specialty.

Statistics show that people are looking for non-invasive and less expensive answers to their cosmetic needs. As economic times demand financial belt tightening, the less expensive, non invasive procedures become more important. We all want to look and present our best. For many, it is imperative to look our best to enter or to stay in the job market. BodySculptMD is here to help you do that. The professional staff is committed to helping you reach your goals by building a trusting and long lasting relationship.
