

Jimano's Pizzeria, a Windy City Pizza Franchise Blows into the Golden State!

Jimano's Pizzeria, a Chicago-based pizza franchise, brings the famous Chicago Deep Dish Pizza to the Golden State! Serving more than a perfect pizza Jimano's also serves salads, pasta, baby back ribs & sandwiches! Bakersfield is in for a real treat!

March 9, 2009 - [PRLog](#) -- Jim Reed, a long time resident and a General Manager in the pizza industry in Bakersfield, has fulfilled his dream of opening his own pizzeria. Jim has brought the famous Chicago Deep Dish Pizza to the Golden State with the opening of his Jimano's Pizzeria Franchise.

Jim originally inquired about the Chicago-based franchise after being intrigued by their website Jimanos.com and Jimano's Pizzeria's commitment to serving a Home-Style, Award-Winning Pizza coupled with superior customer service. "In today's market, our customers demand both of these: outstanding food and superior customer service!" Jim shares.

Jimano's Pizzeria Bakersfield opened with a huge reception from friends and family with over 200 guests the first night. The buzz is flying through Bakersfield as the excitement has not stopped since its "Sweet Heart" of an opening on Valentine's Day.

Guests have enjoyed a pizza that just hasn't been available in California until now! When Jim visited the Jimano's Pizzeria franchise headquarters for his Discovery Day he proclaimed "There is nothing like this in California! I want to be the one to bring it there!"

Franchise Founder, Jimmy OBerio, was confident in Jim Reed's 20-year pizza career but expressed the difference in Jimano's pizza over the national chains. "We are a labor intensive, home-made pizza; a far cry from the frozen dough you have been used to serving. From the hand-tossed dough, to the robust pizza sauce, the lean meats, fresh ingredients and high quality cheeses, and finally to the sprinkle of secret spices to finish off the pizza before it bakes to perfection in a baker's oven - you are in for a whole new experience!" The Jimano's way includes preparing all items on the menu with the freshest and finest ingredients, making the pizza burst with robust, home-style flavor!

Jimano's Pizzeria delivers more than the perfect pizza. Part of the attraction to the franchise system is the variety of items on their menu, which includes appetizers, sandwiches, salads, baby-back ribs and pastas.

Jim revealed, "Our customers are truly enjoying the pizza but make a second or third trip in each week for great items like the Chicago Italian Beef Sandwiches or the fall-off-the-bone Baby Back Ribs. It has been a delight to see so many customers experience the Jimano's menu! We truly stand apart from any other pizzeria in town or in the State for that matter!"

Jimano's Pizzeria was founded by Jimmy OBerio in Waukegan, Illinois in 1997. He has since expanded his franchise throughout Chicagoland. With the recent addition of Bakersfield, Jimano's is now a nationwide franchise with locations in Illinois, Wisconsin and California.
