Bank of America has modified over 50,000 loans and is going to help over 400,000 households to modify their loans by the end of 2010.

If you have a loan with Bank of America and want to reduce your rate and payments then we can help you.

WHEN SHOULD YOU MODIFY YOUR LOAN?

->>>> If you are behind on your mortgage payments and unable to pay them and still want to keep your house then a loan modification is a suitable solution.

->>>> If you are having financial hardships which are keeping you away from making payments or you are barely able to make then a loan modification is the right option as it will get you the payments you can afford.

->>>> If you owe more than the home is worth and can't refinance.

->>>> If you are facing hardships like reduction in income, loss of job, family crisis, divorce, unemployment, cut in working hours or loss of savings, all you need to solve your problems is a modification.

WHAT WILL A LOAN MODIFICATION GET YOU?

->>>> Lower fixed rate on your mortgage.

->>>> Lower affordable mortgage payments.

->>>> Reduce your principle balance and help you to gain the equity back.

->>>> Extend the mortgage term to make the payments super low.

->>>> Fix your rate if you have an adjustable and get you a 30 year loan.
