The first moment of the day has settled over you, and you sit up, ready to begin anew. Your mind is already heading out to the water, conjuring up the fish you hope to catch in the next few hours. But it's not just about that—it's about the time of prayer out in the quiet of God's nature. Is that where the Lord speaks to you?

Lord of the Flies, Hooks, and Reels is a daily devotional aimed at the devoted angler. Each page is a short passage for the day, including a weekly verse, a short analogy to fishing, and then a moment of truth to connect it to your daily walk of faith. As you read the same Bible passage each day of the week, the author calls out new facets of it each day, all relating back to that love of fishing.

This is a book of beautifully crafted words that call to mind the grandeur of the world the Lord made and the exquisiteness of His meeting us in it. The insights are sound, strong, and will appeal to the heart of the outdoorsman.

Lord of the Flies, Hooks and Reels is a must-have for those who love to fish. Starting your morning with these short devotions will help you keep your mind focused through the rest of day. Just as Jesus does throughout the gospels, the author appeals to something his readers love and will understand to illuminate issues of faith and communion with the Lord. Highly recommended for the fisherman in your life.
