

Orion Systems Integrators, Inc. Opens State-of-the-Art Technology Development Center

Orion Systems Integrators, Inc. Expands to Provide Global Technology Solutions

July 23, 2009 - [PRLog](#) -- Monmouth Junction, New Jersey, USA – With a continuing focus on Orion’s vision to provide global technology solutions, Orion India Systems Pvt. Ltd., a CMMI Level company and subsidiary of Orion Systems Integrators, Inc., is proud to announce the launch of its Kochi operations by opening a state-of-the-art Technology and Development Center in the SEZ of Kochi, India. The new 8200 sq. ft. office will house 90+ associates with a plan to grow to 150 associates over the next two years. This launch is centered on expanding Orion’s enterprise to provide high quality and cost effective IT solutions, globally.

“In today’s ever changing landscape of how services are delivered, Orion stays ahead of the curve by evaluating and adopting the most modern provisions in the right geographies to create a robust, scalable and a highly secure ODC environment. As a part of our standards for excellence that span all our departments including recruiting, infrastructure, technology, deployment and human resources, our goal is to make our Kochi ODC a Center of IT Excellence for Global Deployment”, says Sunil Mehta, CEO and President of Orion Systems Integrators, Inc.

The ODC in Kochi has been designed with a robust and sophisticated infrastructure to meet the growing needs of Orion’s global customers. The center will house a selection of the best IT talent from Kochi and its neighboring cities. “Orion’s staff is equipped with the most modern technologies and tools to deliver world class software solutions. The center will institute advanced training programs that will keep our workforce abreast of the latest evolution of products and applications”, states Narendra Kumar, Director of Orion India Systems Pvt. Ltd.

Orion Systems Integrators, Inc. is the parent company of Orion Systems, India and Orion Software, Chile and the holding pillar of the Orion group of companies. Since 1993 Orion’s dedicated and highly experienced software professionals have provided customized business and information technology systems to numerous industries across many verticals. Orion offers unsurpassed expertise in each core area in information technology ranging from networks, servers and storage to hardware to data security solutions to support and organizational learning. For over 15 years Orion has expanded on all frontiers to create a fine enterprise that services Fortune 100 companies across the globe. A Microsoft Gold Certified Partner, Orion’s dedication and passion for excellence, along with a “whatever it takes” work ethic, has enabled it to successfully design, develop, integrate, deploy and manage IT solutions.
