

## Long Island Used Car Dealer Offers Double The Inventory

*Long Island car shoppers continue to see the value of buying a quality used car. Used car sales at Westbury Jeep Chrysler Dodge have continued to expand, causing the dealer to stock up on double the inventory to meet the demand.*

**Sept. 1, 2009** - [PRLog](#) -- Westbury Jeep Chrysler Dodge says demand for used cars at their Long Island dealership has peaked, even as the government promoted the purchase of new, fuel efficient cars with a \$4500 incentive. Many Long Island residents who were ineligible to receive a Cash for Clunkers credit opted to make a deal on a quality used car. The unexpected increase in demand has caused Westbury Jeep Chrysler Dodge to fill their lots with double the amount of inventory as they normally would.

Cash for Clunkers may be over, but Long Island residents still have the itch to trade in their clunker for a 'newer' used car. That's because shoppers are now realizing that they can get decent money for their trade, without the help of the government's voucher program, and use that money to get into a new, more fuel efficient used car.

Westbury Jeep Chrysler Dodge is one of the largest used car dealers on the East Coast. Their impeccable reputation for stocking the highest quality used cars makes them a target destination for new and used car shoppers in the Tri-State area.

According to Westbury spokesperson, Joel Sporn, "People come to Westbury from all points of the Tri-State area. Having the largest selection and being the #1 Certified Pre-owned dealer in the Northeast means shoppers can get the car they want at a fair and honest price."

Long Island shoppers can take advantage of the inventory surplus at Westbury Jeep in Long Island. The dealer plans to help shoppers who were shut out of the Cash for Clunkers program by offering them great deals on fuel efficient used cars.
