At the web site <http://www.dropship-golf.com> they supply with customers golf clubs of golf wholesale method.

The Studio Select line is the result of Scotty Cameron's Putter research and their drive to create a putter collection with the finest technical performance and incredible overall feel. The precision milled 303 Stainless Steel Newport putters feature an improved high toe profile and heel and toe circular sole weights that allow for numerous length options in each model.

The circular heel-toe weights provide amplified stability by reducing head rotation on off-centre impacts for a larger sweet spot. The factory adjustable weights are set to provide the proper headweight-to-shaft length combination. The improved high toe profile of the Studio Select Putters feature a stepless shaft for a clean look and offer a soft but solid feel and are equipped a new Scotty Cameron red cord grip.
